Other benefits and payments which may be (directly or indirectly) received because of the services provided to you

Insurance products

Where I arrange a life insurance product, the insurer pays us an upfront commission and an ongoing commission when the product is renewed each year. The rate of upfront commission payable ranges from 0% up to 66% of the base premium. The rate of ongoing commission payable ranges from 0% - 31%. Importantly, the choice of commission payment arrangements does not affect the amount of premium payable.

For example, if you purchase a life insurance policy with an annual premium of \$1,500 AUPFS may receive an initial payment of up to \$990, calculated as $\$1,500 \times 66\% = \990 ; and an ongoing commission of \$465 calculated as $\$1,500 \times 31\% = \465 .

You should also refer to Part 1 of the FSG “*The benefits or payments which may be (directly or indirectly) received by us because of the provision of financial planning services*” for details of payments and benefits which my licensee may receive in consequence of individual services provided by me to you.

Alternative benefits that I may receive

From time to time, I may receive alternative forms of non-monetary benefits from product providers or other parties which have a value of less than \$300. These may include hospitality or education and training in relation to my professional development. Details of any alternative benefits I receive are maintained on a register. A copy of the register is available upon request.
